Here is our latest newsletter prepared by Córdoba Acoge.

On Friday, 19 June 2026, we organised a truly meaningful event. We used the Córdoba Acoge headquarters to host the project's final event, where we presented the final results achieved and promoted the dissemination activities carried out throughout the project.

It was a very special occasion, as several adults who had participated in the discussion groups attended the event. In addition, some guardians of the minors involved in the project activities also joined us.

The adults expressed their appreciation for the work carried out and thanked everyone for the effort dedicated to the implementation of the project.

The children's testimonials were successfully collected. The good coordination among partners and the availability of the participating centres certainly contributed to achieving this important final result.

It was very moving to share one last moment together within the framework of this wonderful two-year project. With this event, Córdoba Acoge also concludes its commitment to organising the activities and being constantly available to support the project.

We would also like to take this opportunity, through this final newsletter, to thank all the colleagues who have collaborated over the past two years. We already mentioned this during our final meeting, but we would like to reiterate our gratitude to all partners and, of course, to Europe for continuing to support courageous and innovative projects such as this one.
